Interiors Scope

AlantiCare approached Bellia with the desire to renovate their current facility to create a contemporary space that would help promote their mission of Health and Wellness. Each area of AlantiCare needed to portray an inviting, therapeutic atmosphere that would allow patients to feel comfortable while receiving services. Bellia was able to achieve the desired environment by pairing warm colors, varying textures and clean lines throughout the space. Patients now have an atmosphere that allows for them to relax and focus on healing.

- Waiting Room
- Reception Area
- Patient Rooms
- Treatment Areas
- Break Rooms
- Doctor Offices

About AtlantiCare

AtlantiCare's focus is to care for the community as a provider of health and wellness services. Their primary service offerings focus on delivering value at every stage of health: healthy, at-risk or with acute or chronic illness. Their primary service of healthcare delivery, integrated with the complementary and strategic service offerings of health information and health engagement allows them to offer the elements necessary to achieve, maintain or return each member of the community to optimal health.
